[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 18.

EASTERN STATES.

Condition of Chicago Banks.

WASHINGTON, Oct. 17.—The following dispatch is received from Chicago:

To Hon. Geo. S. Boutwell: Chicago banks are sound, and are paying every dollar on demand. Good feeling prevails.

(Signed,) E. R. HURLBURT, Comptroller of Currency.

Fires in Nebraska.

St. Louis, Oct. 17.—Accounts from Northern Kansas say that destructive fires have been raging in Deer Creek and Harrison Creek valleys, Nebraska. Several houses were burned, and hay and other crops destroyed. Loss estimated at $50,000.

Money in New York Stringent.

New York, Oct. 17.—Money is stringent. The best borrowers paid from 7 per cent. currency to 7 per cent. gold on Government or collaterals. Stocks opened steady, but declined to-day. Western Union, 85½; Quicksilver, 16; Wells, Fargo & Co., 51; Pacific Mail, 41.

Singular Suicide.

ZANESVILLE, Ohio, Oct. 17.—Charles Durbin, a lawyer of this city, shot himself through the head to-night at the bedside of his wife, on being told by the physician that she could not recover. His wife died in five minutes afterward.

Murder in Jail.

LOUISVILLE, Ky., Oct. 17.—Last night at Warsaw, Ky., a party of 75 men established pickets and attacked the county jail for the purpose of taking out Abijah Gridley, confined for killing a man a few days ago. The mob were unable to get into the cell, but shot through the grates and killed him. His wife and infant child were in the cell with him.

The Security Insurance Company, New York, has suspended. A. P. Hastings is appointed receiver. Their losses exceed a million and a half.

Lorillard Co. discontinued business and will hold a meeting to-morrow to consider the proper course to pursue in view of large losses.

An injunction was granted in the Supreme Court at the instance of the stockholders of the Excelsior Insurance Company and a receiver appointed.

Delegates from nearly every State attend the Insurance Convention to-morrow.

The *Mahoning* is said to have strict orders not to let the *Horton* be taken.

Storm at Halifax.

HALIFAX, Oct. 17.—Great damage was done to the wharves and other property by the gale Thursday night. There was great destruction of property throughout the Provinces. The railway to Bedford was badly damaged, and no trains are running.

New York News.

NEW YORK, Oct. 17.—Judge Barnard to-day granted the application for the examination of Ingersoll.

Revenue officers to-day made a raid on Illicit distilleries of Brooklyn, seized 500 barrels of whisky, thirteen stills and two large rectifying establishments.

ALBANY, Oct. 17.—Gov. Hoffman received this evening the sub-committee report of the committee of 70, who asked him to use his power to arrest abuses and protect the State, and asking that a military force be placed at readiness to quell any riot which may arise. The Governor responded that he would do anything he could in the matter. An informal convention consed between several members of the committee and the Governor. The latter said he would use military force in case of disturbance.

New York, Oct. 17.—It is estimated that three and a half millions of currency were shipped to Chicago yesterday and to-day.

The Vessel at Boston.

BOSTON, Oct. 17.—A dispatch from Gloucester says the Collector telegraphed for the revenue cutter *McCulloch*, of Portland. She will reach this port to-day. The *Mahoning* has come and goes outside. The

THE CHICAGO FIRE.

There were 89 newspaper establishments destroyed in the burnt district, embracing dailies, weeklies and monthlies.

The Ætna and Phœnix of Hartford began paying losses immediately after the fire. Their agents are on the ground adjusting losses.

A cable dispatch is received from the English Government offering Chicago all the military tents and blankets in the Dominion. Of the latter there are over 500,000.

The Acting Commissioner of Internal Revenue has issued an order that all claims for refunding taxes claimed to have been erroneously paid from Chicago claimants shall be taken and acted upon immediately.

The Postoffice Department has ordered that all mails be made up for distribution in Chicago. The instructions are to send only the Chicago city mail and to throw all other matter into the postoffice and large offices for distribution.

The Postoffice will be permanently established in the Wabash-avenue Methodist Church on Monday next. This is the church that stayed the progress of the fire southward, and will hereafter be a landmark in Chicago. It has been rented by the Postoffice Department so long as it may be needed.

The *Tribune* was by several hours the last newspaper in Chicago to survive the general destruction, and its magnificent fire-proof building was the last to succumb, although it had been surrounded by fire on two sides for about four hours. A search among the ruins reveals the gratifying fact that the two eight-cylinder presses valued at about $80,000, are not seriously injured.

The following is a correct list of the elevators burned: Munger & Armour's, Galena, Illinois Central, A. Hiram, Wheeler's, National, Vincent, Nelson & Co. The following are standing and unharmed: Illinois Central, D. Filer & Thompson's, and the two owned by Armour & Co.; the Burlington, the old Ohio and the Illinois river. The total amount of grain destroyed in five elevators is over 1,600,000 bushels.

A dispatch of the 13th says: The dawn of each succeeding day brings brighter prospects for the smitten city, and the feeling of hope and faith is strengthened every hour. Twenty-one of the twenty-four columns of this morning's *Tribune* are filled with advertisements of business firms who have already secured new locations, and are either now ready, or will be in a few days, for business. Stocks of new goods are already on the way here. Builders are overwhelmed with applications to put up new buildings for business purposes.

William Warner, agent of the Liverpool and Globe Companies, has received a cable dispatch from these companies directing him to proceed at once with the adjustment and payment of every dollar of their losses as quickly as it can be done. The losses of these companies aggregate about $6,000,000. The losses of the Commercial Insurance Company, of Albany, are about $450,000. This company has been placed in the hands of a receiver by its officers, but claim that it will pay dollar for dollar, and that new stock will at once be subscribed so as to proceed with business.

So far none of the bank vaults have been found at all injured. Those of the Union and National were at first reported blown up. They are in perfect condition so far as the contents are concerned. The safes of the Fidelity Safe Deposit Company and D. B. Bryan & Co. were found when opened to have no heat in them, and every dollar of the millions on deposit with them is safe. Charles Wilson took out $30,000 in fresh, clean greenbacks. The company have established an office in the ruins, and invite all to bring their money and other valuables there to deposit them free of charge until they can get better accommodations.

A noticeable fact, and one of immense importance in the rebuilding of the city, is the almost perfect condition in which the fire has left the Nicholson pavement. The damage is so trifling as not to be worthy of mention. Miles of pavement on the North Side are almost unscorched and perfectly free from debris, and even in the South Division, where both sides of the streets were lined with lofty brick and stone buildings, there is scarcely a point where a carriage may not be driven through the street. Indeed, except where the buildings were blown up or partially blown up, in the endeavor to stop the progress of the flames, the ruins have almost invariably fallen upon their own sites. At points where the pavements were burned at all, the fire only charred them on the outside, and it is a question whether this process will not add to their durability.

The various relief committees of Chicago have issued an address from which we take the following: After a careful survey of a calamity unparalleled in the history of the world with the evidence before them of overwhelming losses, mental trials, individual sufferings, and pressing necessities never before experienced by any community, we pray that our fellow citizens, and especially those having business relations with the city of Chicago, whose enterprise, and industry and inexhaustible energy have conferred honor on the American people, to sustain the business men in this their hour of trial. The calamity is great; let your confidence abide with them, and extend to them a generous liberality by compromise and extensions when needed, and by the largest possible advances in money. Soon that the business prosperity of the city be restored, the desolated districts rebuilt and its greatness re-established.

General News.

HAVANA, Oct. 17.—Advices from the City of Mexico say Juarez is re-elected President by Congress.

LATEST NEWS CONDENSATIONS.

The New York *Times* states that Tweed recently lost four millions by unlucky speculations in the West and that Sweeny advised Tweed to resign.

Further accounts from the horrible calamity of Peshtigo, relate that one hundred and fifty men were burned to death in a large barn in which they had taken refuge.

The Chicago *Tribune* calls on Congress to pass a law authorizing the Government to build a Custom House, Bonded Warehouse and a fine Postoffice building at that city, and to appropriate several million dollars this year to carry on the desired work.

Mark Brumagim, President of the New York Company that owns the Mariposa estate in California, formerly the property of John C. Fremont, has signed a contract agreeing to sell the estate, free from incumbrance, to an association of New York capitalists, for $15,000,000.

The Committee of Inspection of Sewers says a New York dispatch of the 13th, yesterday stated that they had not been paid since July; that the pay-rolls were purposely kept back by the "ring" in order to goad them to acts of violence. The pay of sinecures, discharged from the Controller's office yesterday, amounts to $200,000 annually.

The Sacramento *Union* has a highly laudatory review of Joaquin Miller's poems. It says: We are just as sure that Miller is by nature a great poet, as that he is not a scholar or a small. No other American has ever written so strongly and grandly in verse. He has, besides, the high art of telling a story (of bringing up, amid all digressions, every part of it) as well as Sir Walter Scott. His merits are those which will improve with time and practice, while his defects are mere trifles in estimating a poet. His powers of description are great.

The announcement having been made that the Coffins are to have a reunion at Nantucket, Massachusetts, it is suggested that this last effort of a family convention looks like running the thing into the ground.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Situation at Chicago.

CHICAGO, October 18.—The *Times* makes its appearance this morning. It is well printed, but on a single sheet form, which it announces is only temporary. It contains an editorial taking strong grounds against the passage by the Legislature of any stay law, the inevitable effects of which, the writer says, would be the ruin of what is left to us of our credit. It begs the General Assembly to not even talk of passing such a law. It also opposes and denounces the efforts of interested parties to force the business of the city below Twelfth street towards the south.

The House of Representatives, at Springfield, yesterday passed the canal lien law, refunding to Chicago three million dollars paid by that city for deepening the Illinois and Michigan canal, with the provision that the amount be used for rebuilding bridges and public edifices.

The Hartford Insurance Companies.

HARTFORD, October 18.—The nine Fire Insurance Companies of Hartford, since their organization, have paid losses to the amount of over fifty-nine millions. Their Chicago fire insurance amounts to seven or eight millions.

Donations in money and supplies are still liberally offered for the relief of Chicago. The total collections in the city are already over $728,800. Subscriptions are also going on for the relief of the sufferers from fires in Western forests. Yesterday there were over $2,000 subscriptions in this city, and the total collections thus far are nearly six thousand dollars.

The Chamber of Commerce yesterday forwarded to the President a memorial asking his aid in providing food and clothing for sufferers by fire in Michigan and other Western States. The memorial asserts that Congress will doubtless approve the measures which necessity demands.

WASHINGTON CITY.

Pacific States Republican Association.

WASHINGTON, Oct. 17.—A Republican Association of the Pacific States and Territories was organized this evening and elected Andrew Sprar, of Nevada, President; L. S. Thompson, of Oregon and J. S. Tiokenor, of California, Vice Presidents; G. W. Lee, of W. T., Secretary, and R. R. Rainey, Treasurer.

CALIFORNIA.

From San Francisco

SAN FRANCISCO, Oct. 18.—The vote of the city is very light, but indications are strong now that the Taxpayers' and Republican tickets will have a handsome majority. The Democrats have given up everything but Lake.

Arrived—Ship *Fleet Wing*, 136 days from New York, merchandise to Moore & Co.

The U. S. war steamer *California* having come down from Mare Island, fired a salute to-day, which was responded to by Alcatraz. She will go to sea in a few days.

The Health and Police Committee of the Board of Supervisors will probably take final action on the subject of Dr. Holland's ordinance regulating the social evil.

The Chamber of Commerce finally, to-day, adopted resolutions asking the Legislature to abolish all harbor wharfage, and other State charges on vessels arriving here, as a means of relieving the commerce of San Francisco.

OREGON.

The Indian Council at Salem continues. The Indians express gratification with the proceedings, and a common desire to accept the conditions of civilization.

The Oregon Presbytery of the Cumberland Presbyterian Church will meet in McMinnville, Yamhill county, on Wednesday preceding the first Sunday in November, at 7 o'clock P. M.

The *Farmer* well says in regard to those who find fault with the management of the State Agricultural Society: Instead of standing outside and grumbling they should become active members of the Society and help to manage its affairs. One day's work in any one of the offices would cure many a fault-finder.

A man named Pumpelly, who was ejected from the fair grounds by John Downing, one of the Marshals, for not wearing his badge pinned on his coat according to the rules, has commenced an action against Downing for $5,000 damages. Ben Hayden is his attorney. Whether Pumpelly wins or not, we hope this distasteful rule will be rescinded.

The building for the agricultural works at Salem is rising rapidly. The *Statesman* says: Mr. Joseph, the contractor for the stone work, tells us that the walls of the basement story will be completed in two weeks. The east and south walls are already up, and in a few days the west wall will be finished. Undoubtedly this building when completed will be one of the finest structures in the city.

THE TERRITORIES.

A Montana paper announces a discovery. It says that wild sage will cure rheumatism. It is to be used by making a bath of it by stooping. Many persons, it is claimed, have tried it with the best results.

Editors are shockingly personal at Puget Sound. A Port Townsend paper says: "B. B. (British Brown) don't like the Oregon style. It is very excoriating, having effectually rid Oregon of an otherwise irrepressible nuisance."

Some time ago a fellow in Idaho married a girl of twelve summers. He was five foot tall himself, and congratulated himself on an appropriate match; but since then she has started into an uncommon growth, and already overtops him by a foot, and is still elongating.

The Salt Lake *Tribune* does not believe the Mormons will, under any circumstances, leave the Territory of Utah, but that they will eventually submit to the enforcement of laws against polygamy, and modify their church organization so as to make it more in harmony with the spirit of the age.

RELIGIOUS NOTES.

The Presbyterian Church in this country has 455,278 communicants.

New Jersey has more Presbyterians than any other State—one to every twenty-four of its inhabitants.

The London *Freeman* is complaining of a recent publication of "American Sacred Songs," with their "roystering choruses set to music of the nigger melody style."

Errors Corrected.

PEKIN, W. T., Oct. 7, 1871.

TO THE EDITOR OF THE OREGONIAN:

SIR: I wish to correct some annoying blunders of your type setters in reply to "T" in the last WEEKLY OREGONIAN. Instead of "the physical, intellectual and moral character of offspring is determined," etc., you make me say, "character opposing is determined," etc. Instead of "pure lust, discord and confusion," you make me say, "pure lust, divorce and confusion." Instead of

The Daily Oregonian.

THURSDAY MORNING, OCT. 19, 1871.

The Attack on Mormondom.

Brigham Young and his confederates, indicted for bigamy and lewdness, are likely to meet more trouble in getting clear than they have been accustomed to find in dealing with United States officials. The Chief Justice has ruled that no man who is living in polygamy, in open violation of the law of Congress, is eligible either to serve as a juror or to be entitled to the benefits of naturalization. As all good Mormons are in that condition it follows that the juries are wholly composed of Gentiles or of those anti-polygamy Mormons who are glad to have an opportunity to drag the oligarchy down. It is stated that many Mormons in fellowship with Brigham's Church have openly avowed in Court, when seeking naturalization, that they preferred to be citizens of the Republic than citizens of the Kingdom of the "Saints;" and had separated from their plural wives, made them a satisfactory allowance for their maintenance, and now claim citizenship. All this is, of course, encouraged by the Court, and the declarations are numerous.

There was a time when the Federal Judiciary dared not take a course like this. It has not been long since Brigham Young told a Chief Justice of the Territory that if he only crooked his little finger, the people would drag him from the bench and tear his carcass into shreds. He then had the people in such a condition of fanaticism that Federal Judges and a Secretary of the Territory reshaped their trunks, returned to Washington and resigned. At his command, the Legislature gave the Probate Courts of the Territory "concurrent jurisdiction in civil and criminal cases arising under the Territorial laws, with the District Court of the United States." This made the Mormon power supreme.

But in those days there was no railroad. When the General Government passed laws to regulate Utah, it found it exceedingly difficult and expensive to enforce them. The distance was so great that almost endless delays were the consequence, and the laws excited no terror. But now there is a railroad; Utah is distant but a few days from the National Capital, and the plea of open resistance to law, has by the force of circumstances, become obsolete. Hence the difficulties of the Mormon position have very increased, and officials of the United States can no longer be terrified to drive from their duty.

Besides all this, there is a ferment among the Mormons themselves that adds to the embarrassment of the hierarchy. Young and his sons have so manipulated the Utah railroad as to swindle a large number of the people, who are thoroughly exasperated thereby. They were induced to take stock, and the corporation was so managed as to cheat them out of their whole investment. There is still another quarrel growing out of the discussion as to who shall be successor to Brigham Young, for that great and good man begins to realize that he cannot live much longer. These dissensions make the task of the Federal officers easier than it otherwise would be. Yet after all, no one need expect to see a system so compactly built and guarded at all points by ignorance, interest and prejudice, succumb at the first attack.

Low Democratic Journalism.

The *Herald* seems to imagine that we are distressed by its articles on the expenditures of the National Government. Let not that paper deceive itself. The publication of its grossly erroneous statements and conclusions is of no sort of consequence to us. Our advice to it is to cultivate truth and fairness, and to abandon the low species of party pleading which it uses in treating every subject, sprung from a desire to see Democratic journalism elevated to a higher plane. Except for this we should prefer to see the *Herald* go on with its exaggerated statements, for nobody, not even itself, believes them; and their only effect is to cause further distrust of the Democratic party. All the organs of that party have for some time been industriously circulating the same statements, erroneously deduced from official figures, which the *Herald* is at work upon; with what political effect the recent elections attest. "It is inconceivable," says the *Herald*, "that this Government should, at a time of peace, for any fair and legitimate purpose, expend in two years the unparalleled sum of "$1,287,685,839 90." Of course it is, and as we showed the other day, the actual expenditures for carrying on the Government, including interest on the public debt, have been less than half that sum. We showed the *Herald* how it was, and cited it to the documents for proof; but it seems that our neighbor is still possessed with a foolish idea that he can make a point for his party by persisting in giving these statements in such a way as he hopes will cause them to create in the minds of his readers a wrong impression. This is deplorable, in point of morals; but its general effect is to injure his own party. It is fully demonstrated that the bombastic efforts of Democratic orators and journals cannot induce anybody to believe their statements, since the people go on voting Republican by greater majorities than ever. Then why not abandon this system? Our neighbor is amiable enough to intimate that we "feel a little worsted in the scuffle." Exactly; just as the Republican party feels "worsted" in its "scuffle" with the whipped, routed and dissolving Democracy.

The Badge Rule.

The *Farmer* has the following sensible remarks on the absurd rule requiring all who visited the State Fair to wear their badges or season tickets pinned to their coats:

> It appears that a number who were known to have tickets were ejected from the grounds simply because they had not complied with this rule. There would be more reason in the rule if the ten dollar badge was a "thing of beauty." But as it is a very flimsy rag, partly covered with printer's ink, any truly refined or genteel person feels a repugnance to having it pinned on the breast of his coat. The Society has a right to require the people to purchase tickets and show them at certain times and places, but no right to say that they shall be adopted as an article of clothing. Those who "enter in at the gate," should not be made to submit to a ridiculous custom because the enclosures are so poor that "thieves and robbers" may climb in "some other way." It may be slight for people to get offended at so small a thing, but it is also very foolish to adopt so offensive a rule on so small a pretext. If the badge be a necessity, no person will object to wearing it in sight, but the idea of wearing a sale sack on the lapel of a dress coat is repulsive.

The total number of Germans in the United States is stated at 1,690,533. Of this number 203,758 are citizens of Illinois, 113,618 of Missouri, and 162,314 of Wisconsin. The German population of New York is given at 316,902. Vermont has but 970 Germans in all, Maine only 508, and all the Southern States combined, exclusive of Texas and Kentucky, have a smaller German population than New Jersey. The number in Oregon is stated at 1,875, and in Washington Territory at 645. Ohio has more Germans than Pennsylvania.

Election Returns.

SAN FRANCISCO, October 18.—The total vote of the city, excluding the 4th precinct, 11th ward, foots up 15,999. The precinct named will make it about 16,150, or nearly 2,000 less than last September State election. It will take until midnight or later, to complete the count. Londerback, for Police Judge, is probably elected by about 2,500 majority, running a long way ahead of the rest of the Tax-payers' ticket. Judge Lake's friends still claim his election, though the scratching runs both ways, and an official count will be required to decide. Bolander heads his ticket, coming next to Londerback. The city has undoubtedly gone for the Tax-payers' and Republican ticket by an average majority of 1,500 at least. From present appearances, Lake is elected, though it is not a matter of certainty.

San Francisco, Oct. 19.—Two thousand seven hundred and fifty shares of Raymond & Ely sold at the afternoon Stock Board, notwithstanding which it steadily rose, closing firm at $90. After the Board sales were made at $100 on the street.

Chas. Myers was shot by Christian Gundhorn in a beer saloon, kept by the latter on Kearny street, this evening. He had applied opprobrious epithets to Mrs. Gundhorn, and was running upstairs when he received a shot in the rear, the ball lodging in the fleshy part of his body. He was taken to the hospital.

Mary Mostardi, (a minor girl), aged fifteen, was arrested this evening on a charge of arson in firing a house on Bush street three days since. The case is a peculiar one.

Jas. Clark, a warehouse man, well known as a Democratic Ward politician, was found drowned in the Bay at long bridge, to-day. He was last seen alive about 11 o'clock Monday night, under circumstances which lead to suspicions of foul play.

Reports from the special agent of the Pacific Insurance Company sent to Chicago, place the loss of this company, after careful estimation on the spot, at $1,200,000. At a meeting of the Directors to-morrow it is confidently expected that provision will be made for this and all other liabilities, and confidence at once restored, since the amount is clearly within the range of their ability.

ROUGH AND READY, October 18.—The dwelling house of Mathias Smith, with contents, was destroyed by fire last night. His wife and children escaped without injury, but Smith, in the confusion, became enveloped in the flames and was burned so that he died to-day.

SALT LAKE, October 18.—Aaron Johnson, a Mormon Bishop of Springfield, was arrested today on an indictment of four years ago, as being accessory to a murder.

Stephens Exhorts.

A. H. Stephens continues his entreaties to the Democracy not to accept the "new departure." In a recent issue of his paper he says:

> Friends, stick to principles. Adhere to honest truth. Go not away after strange gods, and bow the knee to Baal. We can bear defeat and survive it if we maintain our integrity, but we cannot survive either success or defeat if we abandon our principles.

The Lexington (Ky.) *Press* in endorsing this sentiment, says:

> A victory won upon the maintenance of Radical principles can be nothing else than defeat for the Democracy. To accept the platform which the Radicals erected, from which to war upon the Democracy, is but a virtual surrender of all that we have fought for. It is a confession that our past war upon the policy of the Republican party was factious, and the result rather of a lust for official spoils than of devotion to principles and the fearless advocacy of the right.

These views are those of the Oregon Democracy. But their National Convention next year will force them to swallow the "departure" nevertheless.

Mr. Beauregard, late of the Confederate army, thinks that if Gen. Grant is re-elected he will inaugurate a military despotism. Now if Beauregard would only condescend to save the country—!

A Washington telegram to the Philadelphia *Press* says Senator Sherman is of the opinion that taxation may be reduced at the approaching session of Congress to the extent of at least eighty millions, and perhaps ninety millions, and the Secretary of the Treasury at the same time be able to meet all the expenses of the Government, including the payment of the interest on the public debt, and to continue the reduction of the principal, though not to so large an extent as heretofore.

CITY JAIL, PORTLAND, Oregon, June 7, 1871.

A. M. LORTA & Co.: I was attacked with a severe case of rheumatism. It was in my thighs, hips, fingers, shoulder blade—indeed in all the joints of my body. I suffered great pain and anguish. I was attended by a regular physician, but with no effect. I was induced to try your Pink Wood Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for rheumatism known.

EPISCOPAL CONVOCATION.—We have been supplied with a copy of the "Proceedings of the Eighteenth Annual Convocation of the Protestant Episcopal Church" in the missionary jurisdiction of Oregon and Washington, held on the first and second days of September, in this city. We obtain from its perusal, the following facts relating to that deumination: There are in the jurisdiction, sixteen churches, in all but one of which services are held. The clergy is composed of the Bishop, eleven Presbyters and one Deacon. On the first day of the Convocation, there were present eleven clergymen and four lay delegates. The several financial reports show funds as follows: Fund for the relief of indigent clergymen, $580 27, on interest at 12 per cent.; Episcopal fund, $77 93; Bishop Scott Grammar School endowment fund paid in and invested or pledged, $5,995 55; printing fund balance on hand, $5 00. The pamphlet contains, also, the Bishop's address, from which we get the following summary of his public services for the year: Ordinations to the priesthood, 1; confirmations, 54; corner stones laid, 2; Baptisms, 30; married, 1; Burials 5; sermons preached, 131. The following is an abstract of the Parochial reports: Baptisms—(adults, 20; infants, 110); total, 130; confirmations, 56; communicants added, 70; present number, 308; Sunday-school teachers, 72; Sunday-school pupils, 588; marriages, 23; burials, 29; parish schools, 2; number of children attending Parish schools, 53. Contributions—domestic missions, $241 63; foreign missions, 231 70; Diocesan purposes, $1,988 22; Parochial purposes, 10,235 53. Total, 12,803 08.

FROM ST. HELENS.—Our correspondent sends us the following under date October 17th, 1871:

The Columbia Transportation Company was incorporated here to-day, with S. Bennett, Joseph Copeland and McClellan as incorporators. The capital stock is $75,000, in 750 shares of $100 each. I believe the object of the organization is to place a line of steamers on the Columbia river, between Portland and Monticello, to run in opposition to the O. S. N. Co. They expect to lay the keel of one or more boats in a short time, and they say they mean business.

The "What d'you call it" Co. (by the way, you were mistaken about it being the Railroad Co.) is still bobbing around. As near as I can find out it hails from Columbia City, or thereabouts, and expects to be Christened soon. I doubt much if this thing has travailed yet, but, from present indications the O. S. N. Co. had better look well to its laurels; for it may not only come forth a specimen of vast proportions (that is, in surface), but a well developed Steamboat Navigation Company, of a capacity exclusive with its mother, its City—sufficient to envelope all the other companies of like character, radiating from that point, in all below, above, sidewise, endwise, likewise and alike, making itself the center of the Western Empire. From present appearances we shall hear from the thing again.

THE PACIFIC INSURANCE COMPANY.—The report in the telegraphic dispatches of yesterday from San Francisco to the effect that the Pacific Insurance Company will probably not resume, is to be entirely without foundation, as all of our advices state the exact contrary. The office here is in constant communication with San Francisco by telegraph, and is advised that the Company have no other thought than that of continuing. Their losses are heavy, of course, but they are to meet them fully and continue business. Yesterday Mr. Ralston telegraphed to Mr. J. G. Parker, agent here, that the resources of the Company were fully equal to the emergency, and that the Directors of the Company is unanimous. The capital will be preserved intact, and an assessment of 75 per cent. on the capital stock has been levied to meet liabilities, which will be promptly paid in. The leading members of the Company take a pride in meeting this emergency manfully and fully.

UNFORTUNATE PETER GRUBISH.—This Peter got into a water girl saloon the other night and drank to the health of the enchantresses then and there engaged in jerking beer around, till he fell under the table. Peter had coin in his breeches pocket when he went in; when he came to his senses he had not. It is supposed by certain parties, who have no exalted opinion of jerkers, nor yet of fruitless, that one of the aforesaid and vicinity of characters went through Peter's breeches and themselves pocketed such valuables as they found therein. These suspected ones, Nellie Monroe, a jerker, and MacNamara and Downey, who from their associations are presumed to be rustlers—were arrested yesterday on a charge having appropriated Peter's money to the sum of $200. They will have an opportunity to arise to explain, this morning, before Judge Deady.

THE GREAT CHICAGO-AID CONCERT.—The Pavilion will be prepared to-day for the grand festival to-morrow evening. Seats will be taken from the various churches and public buildings and arranged for the accommodation of not less than 2,000 people. The singers and instrumental performers number nearly 100 people. The programme appears in this morning's paper. We take it for granted that there will be a grand turn out of the people to-morrow night not only for the pleasure of hearing the musical performance, but for that higher and nobler pleasure of contributing to the relief of misfortune. Let the house be filled, even to the last seat.

ACCIDENTALLY SHOT.—A son of Mr. Knotts, living a few miles from Oregon City, accidentally shot himself last Sunday, while hunting along the Tualatin river, not far from Cedar. He had the gun in his right hand near the muzzle, and while looking for a grouse in a tree, the hammer got caught against a twig, thus firing the piece. The entire charge entered the right arm between the elbow and shoulder, without, however, breaking any bones. The charge ranged upward, tearing the flesh badly, and making a wound which will be extremely dangerous in case of inflammation.

THE WHISTLER AND HER CARGO.—Mr. M. Sells informs us that he, yesterday, received a telegram stating that his goods shipped on the bark *Whistler* had been taken out and reshipped. They were all right, and that the casks were blackened by the fire in the vessel's hold. This intelligence gives rise to the hope that the losses by the *Whistler* disaster will not be heavy. The total value of the cargo, according to the best estimates which can be made here, is probably between sixty and eighty thousand dollars.

OREGON ADVERTISED.—The last number of the *Land Owner* (Chicago) has a letter from its regular correspondent, which gives a fair statement of the general situation in Oregon. The paper, also, has an extract from the OREGONIAN, which shows the great increase in business and real estate values for the past year or two; and an editorial paragraph making favorable mention of our city and State in connection with the subject of permanent investment of money.

SUBSCRIPTIONS FOR CHICAGO.—Among the subscribers to the Chicago Relief Fund, up to yesterday morning, there are twenty-seven who gave $100 or upward. Two gave $1,000 each. There were four who gave $500 each, five who gave each $250, and seventeen who gave $50 or more. The greater number of subscribers gave $2 50 to $10 or $20, and yet many of these sums are quite as large, in proportion to the means of the giver, as the larger sums.

A BRACE OF SPARRERS.—A couple of champion fighters named Dwyer and O'Reilly have recently arrived at this city, and they propose to maul each other according to the rules of the P. R. for the delectation of such as delight in "man's inhumanity to man." If they like it, we do not see that there is any good reason why we should come between them.

OUR LAND ACKNOWLEDGED.—Yesterday Mayor Wasserman received a telegram from R. B. Mason, Mayor of Chicago, acknowledging the receipt of $10,000 contributed by citizens of this city. It was brief, but from a full heart: "Heaven bless you for the generous aid to our suffering city."

SOCIETY FAIR.—Arrangements are being made by the St. Vincent de Paul Society for a fair to be held on Monday, Tuesday and Wednesday of next week. The funds thereby acquired are to be devoted to the founding of a hospital.

FOR PUGET SOUND.—The steamship *California*, Capt. John Hays, commanding, will sail at 7 o'clock, P. M., Saturday, for Port Townsend, Seattle, Steilacoom and Olympia, to return by way of Victoria.

[illegible].—We learn that the plans for a hotel to be built near the foot of Holladay avenue, are in the hands of an architect. A house of that kind near the depot has come to be much needed.

An Anchor to Windward.

This good [illegible] when there is reason to expect heavy weather to drop an anchor to windward.

We are in the midst of the season of chills and fever. The sure preventive of this distressing malady is Hostetter's Stomach Bitters. A course of that wholesome vegetable tonic will render an attack impossible. Take the hint and *drop an anchor to windward.*

Weak stomachs are most liable to be disordered late in the autumn when the changes of temperature are marked and frequent. Hostetter's Bitters fortifies the stomach against the effects of these variations. Let dyspeptics make a note of the fact and *drop an anchor to windward.*

The liver is more sensitive when the weather is continually alternating between the warmth of summer and the cold of winter than at any other period of the year. This is precisely the season of such alterations. Let the bilious remember that Hostetter's Stomach Bitters is essentially an anti-bilious medicine, and *drop an anchor to windward.*

The object then is to forestall evil. The next best thing is to arrest it. For disorders of the stomach, irregularities of the bowels, and all periodical fevers, take no more nor less the complaint developes itself, Hostetter's Stomach Bitters.

The *Live Yankee* reached her berth last night.
The *Alamo* is to be towed up to-night from Astoria.
The steamer *California* leaves for San Francisco Saturday evening at 5 o'clock.
The steamer *California* leaves for Puget Sound Saturday evening, Oct. 21st, at 5 o'clock.

From what we can learn to-day several of our merchants had their goods on the *Whistler* insured either fully or partially. The amounts insured aggregates between $12,000 and $15,000. Ons Dim, Messrs. Leveridge, Wadhams & Co., were insured against general average or total loss.

From the San Francisco *Chronicle* of Oct. 14th we clip the following in regard to the *Whistler*:

> At 5 o'clock on the morning of the 6th the ship was found to be on fire, which it was impossible to extinguish. All sail was made for San Francisco, the cargo being thrown overboard forward, in order to send the water aft to the pumps, as the ship had sprung a leak. The fire continued burning until she arrived in this port yesterday afternoon.

The San Francisco *Bulletin* of Oct. 13th says:

> The Pacific Insurance Company yesterday levied an assessment of $75 per share, to meet losses by fire obligations, payable in three instalments, the first of which will be due on the 1st of November, the second on the 25th of November, and the third on the 10th December. The Directors present at the above meeting, representing 3,500 shares, pledged themselves to promptly meet the emergency in which the Company has been placed by the unprecedented calamity in Chicago.

From the San Francisco *Commercial Herald* of October 14th we glean the following:

> Our receipts of Provisions by rail since January 1st were 2,500,000 lbs Bacon, Hams and Shoulders, and 1,500,000 lbs Lard. Sales of 50,000 lbs Eastern Bacon and 250 cs Eastern Lard, private; 5,000 lbs Choice Sugar-Cured Bacon, 16@ 4,150 lbs Oregon do, 10½@. The balance of Cross & Sons' Sugar-Cured Hams has been closed out at 18c.
>
> The stock of all kinds of Rice in this city on the 1st instant was 5,000,000 lbs; receipts since then, 1,500,000 lbs, mostly China.
>
> The consumption of Grain Sacks for the season ending Oct. 1st, amounted to 5,000,000. The closing sales were at 12½@ 13c. per lb.

In view of an anticipated short supply of Cane Sugar, Western papers are engaged in the task of giving the probable future of the market for Sugar. If the yield of the Atlantic side is short, it will cause prices to advance, in which event our market for both Raw and Refined will have to advance in proportion to the advance East, or shipments will be made to the Eastern markets, thus cutting off some of our supplies. One of the New York commercial journals in remarking upon the prospects, says:

> Previous to 1860–61, the sugar crop of Louisiana had reached the annual quantity of 410,416 hhds. Since that time capital has been more employed in the cultivation of cotton to the exclusion of sugar, but now, as cotton has fallen to so low a figure compared with what the price was then, more attention will be given to the cultivation of the cane, and as labor can now be obtained at more reasonable rates, the cultivation of the crop to a greater extent than ever before is but a question of time. The prospects at present are very favorable for the Louisiana planters. The late war in Europe will seriously affect the year's crop of beet sugar, and the war in Cuba is steadily reducing the crop of that island, which has hitherto been the great rival of Louisiana in the production of sugar cane. Many of the Louisiana planters have feared an over production, but this is scarcely to be dreaded, as the falling off in the production of cane sugar in the different producing countries will amount to nearly 150,000 tons for the present year, while the consumption is steadily increasing, and is now estimated at 2,500,000 tons. Next to a Cuban crop, that of Louisiana is the most important, not that the receipts at this port are of any particular consequence, but indirectly the domestic crop has a great influence in this market. The great bulk of the Louisiana crop goes to the West direct from the seaboard, and if the supply falls short there is of course a corresponding demand for foreign sugar at this port. The crop of the year just ended (1870–71) was at nearly 150,000 hhds, of which 18,654 hhds and 518 barrels have been received at Northern ports, against 436 hhds and 235 barrels for the year previous. From the 1st of July to the 1st of September of the present year, the consumption of foreign sugars at the ports of New York, Boston, Philadelphia and Baltimore was 367,845 tons, against 348,401 hhds of domestic sugar. This amount, added to the amounts of sales for consumption at New Orleans, which were 27,100 hhds, the result will be 626,501 hhds, which was the amount of sugar consumed in this country for the first eight months of the present year. This shows an average monthly consumption of 108,195 hhds and for the year the consumption amounted to 1,297,340 hhds. The growing crop of Louisiana is estimated at 250,000 hhds, or about one-fifth of the consumption, and for the balance we are dependent upon foreign countries. This enormous demand for sugar has caused the market to advance, and the Louisiana sugars are enabled to compete even fully with the best grades of the West Indies, and could large quantities be obtained it could readily be disposed of. The market is mainly dependent upon the crop of Cuba, which, owing to the wanton destruction of the plantations, will fall below that of the past year which has shown a falling off of nearly 20 per cent. The supply from Cuba must necessarily, for many years to come, fall far short of the demand, and in consequence high prices must be expected. This limited foreign supply will undoubtedly stimulate the production of domestic sugar, and in a few years the crop of Louisiana will be what it was before the war. It is estimated that the plantations are capable of producing 1,000,000 hhds, and even if such an amount was placed upon the market it is thought it would not have a ruinous effect upon prices, as the consumption is increasing and the supply is growing shorter every year.

From the Hawaiian Islands reports state that the prospective yield is favorable. Some of the mills were expecting to start up about the last of this month. Stocks in San Francisco and here are light for Raw, with an active demand existing. Stocks in the States are lighter than for several years past, and with the fire in Chicago consuming a large amount, thus creating an additional demand, stocks will there be still further reduced.

From the San Francisco *Commercial Herald* of Oct. 13th we clip the following:

> Recent sales of Oregon spring Salmon at $7 in bbls, half bbls of same held at $4@4 50. Canned Salmon, put up in 1 and 2-lb tins, is particularly desirable for exportation to all parts of the world; price, $2 and $3 ⅌ dozen, respectively. Smoked Salmon 15@ 20 ⅌ lb. The Greatest Discovery ever made by Man on this Earth.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

IT HAS CURED CASES, WHERE THOUSANDS OF dollars had been expended to no purpose but filling the system with mercury, by practical or educated quacks.

Wahoo—*(Euonymus Atropurpureus)* a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, attractive, diuretic and expectorant, and is advantageously used in pulmonary affections, dropsy, constipation, torpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October, 4th, 1871.

I hereby certify that I am acquainted with the properties of the Wahoo Bitters, put up by R. J. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact, it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whose it has completely cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried a great many remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennicks heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, as if by magic from the hand of God.

A. KOLF.

Philadelphia Brewery, Portland, Oregon.

MONTEVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks known only to the proprietor, it surpasses any medicine ever used for Ague, Chills, Fever and all affections of the Liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. F. WRIGHT.

ELIZA STARON, W. P. R. R., Sept. 3d.

I give this offering to the public with will for the benefit of suffering people: I am fifty-eight years of age, but am in Dilley, a tallowmaker, England, and a miner; suffered from rheumatism for years; have traveled with crutch and cane for the last two years, but I thank my God that Wahoo Bitters has made me a well man. No humbug about this; Experience has proved that Wahoo Bitters is a blessing to mankind. I recommend any person any way affected to try them.

OLD ARCHY BURTON.

Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can in all confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

JOHN STURGIS.

Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been afflicted for twenty years, and the more doctors' medicine I took, I became worse. I was then directed to try the Wahoo Bitters. I had a dreadful pain in my side. The doctors said it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS. SALLY L. ——

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat, properly.

☞ Orders filled by Express, or as directed.

PRICE—$9 per dozen or $1 per Bottle.
